

Battery Backpack Sprayer

BP-4 Rechargeable Backpack Sprayer

The Dramm BP-4 Back Pack Sprayer is a rechargeable, battery-powered sprayer that fits comfortably on your back.

Operating at a maximum pressure of 140 psi, the BP-4 offers an adjustable pressure knob for flexibility in spraying. Using the high-pressure setting, the BP-4 atomizes spray solutions better than other backpack sprayers, ensuring excellent coverage.

The battery-operated pump ensures even flow rates, perfect for even application of plant growth regulators, insecticides, fungicides, herbicides and other greenhouse chemicals. The BP-4 can run for up to 2 hours on a full charge and recharges overnight. The 4 gallon tank capacity is just the right size. Perfect for spot treatments or concentrated applications, but small enough to still be comfortable to wear.

Specifications

Weight - 11 lbs. (empty)

Chemical tank capacity - 3.95 gal. (15 L)

Pressure - 143 psi

Suction - 0.39 mgal/min (1.5L/min)

Battery - 12V 5.0Ah

Continuous spray time - 1 or 2 hr. (low or high vol)

Recharging time - 12 hrs.
